Facial coverings

An added protection against COVID-19.

DO wear them at work when you cannot maintain 6 feet of distance with another person.

DO wear them walking to/from communal spaces like the restroom or copier.

DO be sure to wash your facial covering after each use in hot water and a hot dryer.

No need to wear them while on a walk with someone else, if at least 6 feet of distance is maintained.

No need to wear them in your office alone.

Take breaks outside, limit space in the breakroom, avoid "water cooler" conversations.

Be sure it covers your nose, mouth and chin.

Use bandanas, neck gaiter, or a T-shirt. Leave surgical masks/n95s to healthcare staff.

RULES FOR PARKS

10 people or
fewer for group
gatherings

Groups must still
maintain **6 feet** of social
distancing or more
between all people not
in same household

Facial coverings when
social distancing is
not achievable

**Do NOT call 911 to report
non-compliance. Visit BePreparedYuba.org or
